

- **World Leading Control for Critical Systems.**
- **Full Adjustable 24/7 Alarming via SMS & email to multiple contacts.**
- **Full Remote Manual Operation of Pumps & Settings from any Laptop in the World!**
- **Real Time Data Logging of ALL parameters allow never before seen optimization of dosing.**
- **Delivers Visible Chemical Consumption Improvements & Increased performance.**

ORP Pump stops pumping.
Overlying parameters shows us that Flow stops every Sunday night!

Microbiological protection drops off over weekend.
24/7 Circulation Pump installed!

Acid Pump Duty Cycle too aggressive.
CORE fine tunes all pump settings to maximize dosage efficiency, eliminating overdosing!
